Con-Force has been in the business of manufacturing concrete products for over 50 years. We are committed to working with our customers to develop and produce products that they really need. The experience and dedication of our personnel is unmatched. We provide help with design ideas right through to successful, on-time installation. Con-Force people are there for you every step of the way.

Concrete Leadership

Our wide variety of precast concrete, packaged concrete, and concrete landscaping products are designed with you in mind and, often to your specific requirements.

Because we know you need reliability and quality, our residential and commercial precast plants and state-of-the-art packaging plant operate year-round in a tightly controlled environment.

Con-Force Concrete Products joins a group of companies dedicated to providing concrete products to industries across Canada. We have 7 manufacturing facilities in Western Canada dedicated to producing various concrete products. Con-Force as a whole is a part of the ARMTEC Limited Partnership which is a conglomerate of companies across Canada.
